In December last year we had a private group session with Sewing for Success and made gym bags. Charlie and team were clear in there instructions, and helped everyone and even the most inexperienced were able to complete their bags. We got to choose from many different fabrics and give them all our own flair. Charlie was a great instructor, professional and fun. Definitely will be back and cant wait to see what we can create next time. Highly recommend as a private group like a work activity, social group, bridal party activity or mum daughter bonding.
